Dear friends and partners,

In the first quarter of 2022, the global COVID-19 crisis continued.

Starting in March, the recovery process has begun and continued throughout the year.

The crisis, which directly affected the activity of airlines worldwide, led to a preliminary forecast for 2022 of about 10.5 million passengers on international flights and about 66,000 international flights from and to the Ben-Gurion Airport.

However, as of March 2022, the traffic of passengers and planes from and to the Ben-Gurion Airport increased rapidly and significantly.

Year 2022 ended with the traffic of 19.2 million passengers and about 114 thousand international flights.

The rapid growth and lack of resources caused a sharp decline in the quality of service provided to passengers and airlines.

In order to provide a solution, the process of building the workforce in the units of the airport and activity partners has begun; processes were tailored for the initial recovery stages, projects that would allow infrastructure adaptation to traffic and better passenger service have been returned.

The new processes, employee onboarding and reinforcements in the field facilitated the return of most of the airlines that operated in Israel in 2019, and led to an increase in capacity and allowed to maintain the airport competency in areas of emergency and security, while ensuring a safe environment for both the passengers and employees.

Throughout the year, stores and commercial areas, which were not active during the pandemic, were opened gradually.

Terminal 1, which is designated for outbound flights, has returned to full activity.

In 2022, as in every year and even more prominently than in previous years, the organization's managers and employees stepped up and assisted with passenger service.

At the end of 2022, Mr. Shmuel Zakai has finished his tenure as the Ben-Gurion Airport Managing Director, following a decade of successful management and recovery from the COVID-19 crisis. Ben-Gurion Airport managers and employees would like to thank Mr. Zakai and express their appreciation for managing the airport in a laudable manner.

Together, we will continue to act with professionalism, dedication and determination in 2023, in order to lead to improve the quality of service and maintain the health of the public and employees.

Together we will make sure that the Ben-Gurion Airport remain strong, safe and serviceable.

Sincerely yours,  
Udi Bar Oz  
Managing Director,  
Ben-Gurion International Airport
